Florida GPS MONITORING

Omnilink® OM500

Simple. Reliable. Accurate.

The OM500 offered by GPS Monitoring Solutions, Inc is a sleek, one-piece GPS tracking device that employs GPS, Wi-Fi, and Cellular location tracking technologies to effectively monitor a participant's movement. The device allows agency personnel to communicate with participants through the use of audio messaging, vibrations, and tones. The OM500 utilizes quick charge technology and offers industry leading battery performance.

OM500 Benefits

- Extended battery life; 5+ days on a single charge
- Tracks indoors and in GPS-impaired environments
- Cellular, Wi-Fi, satellite signals for always-on, high precision tracking
- Customized Audio Messaging in multiple languages
- Waterproof, submersible
- Cut-free strap installation prevents false strap tampers
- One-piece design, tool-free installation
- Quick Charge; 30 minutes daily
- Zones on-board
- Accelerated tracking; Pursuit Mode
- Reduced nuisance alerts

Specifications

CERTIFICATIONS	FCC, Verizon, and IC/ISED compliance
PHYSICAL	3.94" (h) x 2.6"(w) x 1.52" (d) 5.6oz
IP WATERPROOF	IP-68, IP-69K
SAFETY SPECIFICATIONS	Hypoallergenic SAR Compliant NIJ Emergency Removal Compliant
CHARGER CONNECTION	Rapid charger, rotating magnetic charger
STRAP	Reusable, fiber-optic strap Optional Cut Resistant strap
TAMPER DETECTION	Fiber optic strap, backplate removal
DEVICE COMMUNICATIONS	Detection Tone, Vibration, Audio (prerecorded and custom)
DEVICE AUDIO LEVELS	Standard: 70 db; high: 90 db

About Omnilink

Omnilink, a Sentinel Solution, has been a leading provider of GPS offender tracking technology for more than twenty years. In 2022, Sentinel acquired Omnilink for the purpose of continuing the legacy of innovative GPS product design and to supplement Sentinel's robust offender management solutions. By aligning with Sentinel, Omnilink customers now have access to the complete array of Sentinel solutions (www.sentineladvantage.com) while maintaining their ability to receive integrated software solutions and 24/7/365 live monitoring center support.
